

**MARCH - MAY 2023**

# HIGH SCHOOL DESIGN COMPETITION

**Win cash prizes up to \$500!**

**Join EWH for an exciting biomedical engineering challenge!** During this two-month self-led project, you'll learn about low-resource engineering and work to develop real solutions to improve healthcare delivery around the world.

- Enter on your own or form a team of 2-6
- Join our **Google Classroom** to receive briefing materials on the project & outline your idea
- Hear from experts in the fields of **biomedical engineering** and **global health**
- Work with EWH staff to **develop your design** and submit it for judging!

**"A wonderful, authentically engaging, inspiring experience!"**

Open to international participation. Must be a high school student with permission from an adult guardian to participate. \$20 USD entry fee per participant. Fee waivers may be available upon request. **Registration open until Mar. 1 2023.**
